

# WHOLE HEALTH IMMUNE COMPLEX

250ml

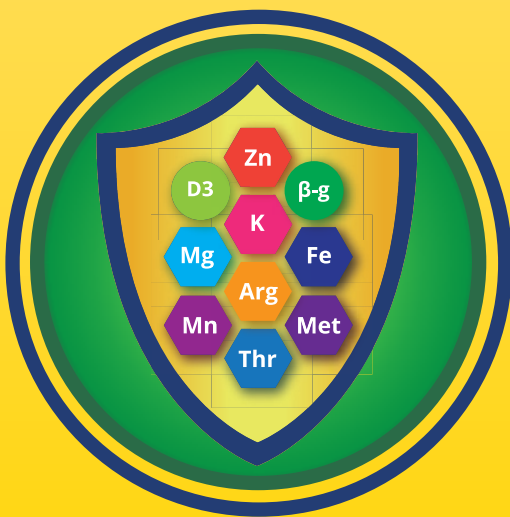

*Colloidal Minerals for Optimal Immunity*

**Colloidal minerals provide a targeted approach  
for improved immune responses.**

Natural immunity protects, resists and shields against infections, toxicity and harmful foreign invaders. A primed immune system is always standing guard. Evaluated by CAM Practitioners who are actively engaging with the needs of clients, this new supplement, **Whole Health Immune Complex**, contains active ingredients which significantly improve immune reactions. Colloidal solutions can be described as a stable environment consisting of water and suspended particles. Enriched with essential minerals, trace elements and amino acids, these nutrients help provide harmony and rhythm to cellular energy and vitality.
